

Kids Team Tennis Spring 2016

What is Team Tennis all about at Topspin Tennis Academy?

While many see tennis as an individual sport, middle schools, high schools, colleges, and even some professionals play tennis in a team environment. We are bringing team tennis in a co-ed, kid friendly format to our academy, allowing players to develop both technique and match skills from an early age. Matches will vary in format, allowing players to compete with the skills they are learning from the very start. They don't need to master the serve before they play on a team. In fact, they can be involved as complete beginners. The team format will create a **fun, bonding, competitive atmosphere that will encourage good sportsmanship, and reduce individual pressure.**

Tennis is a great sport for developing a complete athlete. It improves agility, speed, stamina, eye hand coordination, reaction time, strength, footwork, quick thinking, and focus all in a non-contact setting. Team Tennis will help players develop skills that will help them on the court, in other sports, and in life.

Practices

Age 6 - 8 (36' court with red balls) **Age 9 - 10** (60' court with orange balls) **Age 11 - 12** (regulation court)

All players will be placed on a team (4 - 7 players). Evaluations will take place to help establish even teams.

Practices will be held either Mon., Wed., or Thurs. afternoons or evenings with their coaches (TTA instructors).

Matches

Held on Saturdays afternoons. Matches will comprise of five events. Events will vary, with the home team choosing the events and order of play.
